## WELCOME TO ICSV27, PRAGUE, CZECH REPUBLIC

The International Institute of Acoustical and Vibration, The Czech Acoustic Society and The Czech Society for Mechanics are pleased to invite scientists and engineers from all over the world to attend the 27th International Congress on Sound and Vibration (ICSV27) to be held in Prague 12-16 July 2020. This congress is a leading event in the area of acoustics and vibration and provides an important opportunity for scientists and engineers to share their latest research results and exchange ideas on theories, technologies and applications in these fields. The congress will feature a broad range of high-level technical papers from across the world: distinguished plenary lecturers will present recent developments in important topics of sound and vibration and include discussions about future trends. Prague has been considered as one of the most beautiful cities in the world since the Middle Ages. Descriptions such as “golden city, city of a hundred spires”, “the crown of the world” have been attributed to Prague, which is located right in the heart of Europe. Come and explore Prague with us. Wander through the historic centre of Prague, which has been on the UNESCO World Heritage list since 1992. Prague with its 886 hectares area is the largest historic city center on this in the world; but it is also cultural metropolis.

### THE CONGRESS VENUE: HOTEL HILTON PRAGUE

Award-winning hotel in the heart of Prague. An ideal location, between the historic Old Town and the business district, combines with great service at the Hilton Prague. All of Prague's major attractions are within easy reach and the airport is just a 25 minute drive away. The Hilton Prague combines delicious cuisine and stylish guest rooms, with a health club and meeting facilities. Details of accommodation at the congress venue and other hotels can be found on the ICSV27.org website.

#### ORGANISED BY

International Institute  
of Acoustics and Vibration

#### IN COOPERATION WITH

Czech Acoustical  
Society

Czech Academy  
of Sciences

Czech Society  
for Mechanics

Czech Universities of Technology:  
ČVUT ZCU TUL VUT UTB VSB

#### SECRETARIAT OF THE CONGRESS

## ASSISTANT EDITORS

**Teresa Glowka**

**Sebastian Kurczyk**

**Karol Jablonski**

**Sara Bysko**

**Anna Chraponska**

**Szymon Ogonowski**

**Stanislaw Wrona**

## IJAV WEBSITE

**www.iiav.org/ijav**

The **International Journal of Acoustics and Vibration** is the refereed journal of the International Institute of Acoustics and Vibration (IIAV). The IIAV is a non-profit international scientific society founded in 1995. The primary objective of the Institute is to advance the science of acoustics and vibration by creating an international organisation that is responsive to the needs of scientists and engineers concerned with the acoustics and vibration problems all around the world.

Manuscripts of articles and technical notes should be submitted for review electronically in PDF format to the Editor-in-Chief. The full paper handling process is carried out electronically using the IJAV website at [www.iiav.org/ijav](http://www.iiav.org/ijav) — more details can be found on the journal website. Manuscripts are refereed by at least two referees and are reviewed by Associate Editors and the Editor-in-Chief before acceptance. On acceptance, revised articles, brief biographies, and photographs of all authors should be submitted to the Managing Editor using the IJAV website. Manuscripts of the articles must be prepared in strict accordance with the author instructions. No honorarium is paid for articles.

All information concerning subscription, new books, journals, conferences, etc. should be submitted to the Editor-in-Chief.

Starting in March 2016, IJAV became an open access journal and published electronically.

The journal and all articles and illustrations published herein are protected by copyright. No part of this journal may be translated, reproduced, stored in a retrieval system, or transmitted, in any form or by any means, electronic, mechanical, photocopying, microfilming, recording or otherwise, without written permission of the publisher.
