## WELCOME TO ICSV27

The International Institute of Acoustics and Vibration (IIAV), the Czech Acoustical Society and the Czech Society for Mechanics are pleased to invite scientists and engineers from all over the world to attend the 27th International Congress on Sound and Vibration (ICSV27) to be VIRTUAL 11–16 July 2021. This congress is a leading event in the area of acoustics and vibration and provides an important opportunity for scientists and engineers to share their latest research results and exchange ideas on theories, technologies and applications in these fields. The congress will feature a broad range of high-level technical papers from across the world: distinguished plenary lectures will present recent developments in important topics of sound and vibration and include discussions about future trends.

## ICSV27 FULLY VIRTUAL

Because of the Covid-19 situation, ICSV27 will become completely virtual. It will be held on schedule during the week of July 11-16, 2021. Because of the different time zones around the world, all papers will be pre-recorded. Full written papers must be submitted before March 31, 2021. Only authors with accepted abstracts and full written papers can take part in presenting papers during the scheduled sessions. Questions and answers will be handled through the chatbox system. They will be answered after each paper has been presented.
